Madison Highways To Be Fur- UNIFORMED MEN ther Improved At Reduced Cost During Year

Concrete in greater quantities than ever before has been employed in constructing bridges and culverts for Engineer J. G. Baxter.

"There will be road building in Madison county next year," said Mr. Baxter, "but it will be under better PROSECUTION OF conditions, and there will be more conditions, and there will be more work done and not so much money paid out. There will be better working conditions for both the men and the county. The work will be more satisfactory all the way around. One of the men who has been in the employ of the county and a good road workman for years stated he did not have any more money at \$3.50 per day than when he was paid \$1.50 per day, and this is the way with many

of them." Mr. Baxter stated wages would not be reduced to this extent. However, he believed with the general adjustment of things prices would go down and that workmen would not be so scarce and all would be able to tell! just about what \$5 would buy, anyhow. There will be much more work during the coming year, and the xepense will not be nearly so great. That which had to be done this year was accomplished, or. rather, the finishing touches are being applied and the roads are being put in condition for winter.

More Soldiers Coming

Dr. O. F. Hume, government COUNTY OPENS QUARRY surgeon at the Pattie A. Clay Infirmary, is preparing to receive a number of more soldiers who will operations, according to reports. He has been very busily engaged during the past two months during which time he has been serving in this capacity, having operated upon a large number of exservice men, many of whom were from this city and county.

Smith Still Awaiting Trial

Bill Smith, of near Corbin, who has been in the Madison county according to reports issuing from rich. Corbin. He is said to have killed an officer who tried to effect his arrest. He was returned for trial but the case was carried over with the result that he will wait until spring.

No Special Xmas Dinner

While there is the largest number of prisoners in the Madison stepdaughter, then escaped. Brewer is county jail at this time of the year for a number of years past, there will be few more liberations until after the first of the year. There will be no special menu this year, according to advices emanating from official headquarters of the county bastile, and many who doubtless enjoyed all the good things comprising an Xmas dinner last year, will find many missing dishes this year.

SEEKS CHILD IN JAIL

Miss Tevis shot herself last Thursday night in the apartment of her sister, Mrs. Joseph T. Talbert, formerly of Richmond, Ky., widow of a banker, at No. 110 East 54th street. HUN AMBASSADOR Mrs. Talbert told the police her sister, who was 18 years old, presser a revolver to her breast almost immediately following a telephone conver-

sation she had with a man. Newspaper men were told after the tragedy by persons telephoning anonymously that a certain man living in a town across the river was responsible for the girl's act. This man was still out of reach of reporters, but his attorney made this statement:

"My client met Miss Tevis twice at the Hotel Plaza. They were casual acquaintances. There was no courtship. He never telephoned to Miss

Deputy Internal Revenue Colector Hugh M. Samuels, is at home here from Louisville for a few days. Mr. Samuels' friends are saying that he may shortly announce his candidacv for the Democratic nomination for County Clerk next year. He made a very creditable race for this office in the last county primary, being defeated by a few votes, and it is understood that friends have been urging him to make the race again. Mr. Samuels has been making a fine record as one of Uncle Sam's revenue officers. He is at present working in Louisville.

SOCIAL AND PERSONAL A CHRISTMAS WISH

Wherever there is sickness, May Santa Claus bring health; Wherever there is poverty,

May Santa Claus bring wealth; Wherever one is weeping, May tears to smiles give way; Wherever sadness novers,

May joy come Christmas day.

To every heart that's aching, May peace and comfort come, And may an outlook rosy Supplant each outloook glum: May friends now separated Soon reunited be,

And everyone find gladness Upon this Christmas tree.

PORK PRICE DROPS SUPPLIES COME IN

County Folk Make Hit With Popular Price and Fresh Meats Results of Weather

It's an ill wind that blows nobody good-an old maxim much in evidence since the weather man put the mercury down to the freezing point, and many are taking advantage thus offered. Meat prices are dropping since the cold spell and there is a decided decrease in patronage, it is said, at local dealers, since the county folks are bringing in their extra jowls, sausage, spare ribs, and the proverbial pieces that characterize the porker.

Fresh country sausage is being weighed out to anxious buyers at 20 cents per pound, spare ribs at 1 21-2 cents, jowls a similar price and other parts in proportion, it is said. Restaurant men state they have been doing better the past two days than at any tim since the war, and are glad to gr the meat at this price, stating they can look their customers in the face and intimate at least by their expression that the patron is getting his money's worth.

Lard, too, is taking a tumble, consumers state, some putting in Always Coal large quantities of this, the sa as sausage. You want a Battery that fits

"You're right. You can't put a short, fat battery into a long slim box in your car. Then you want a battery with terminals that will shake hands like old acquaintances with your car's wiring terminals.

"But the main thing is to give you a battery with the right capacity to work in harmony with your car's electrical system. Your cutting-in-speed counts-that's the speed at which your generator begins to do business-and the number of amperes it feeds into the battery. Those are just some of the conditions your battery must work under. What it all means is that you want a battery of the right capa city to digest the current fed into it and to handle its work without strain.

'We have EXIDE batteries in all sizes and type to replace batteries of all makes. But we won't sell a battery if your old one is repairable. No matter what its make, if its plates are still sound enough, we'll rejuvenate and guarantee it."

If your battery needs recharging, phone 428—we call for and deliver your batery. We also have rental batteries for use while yours are being recharaged or The state of the s repaired.
